making life easy...

Smoothfold oak pre-finished sliding folding doors are for properties that are either period or modern style and inspires an enriched lifestyle, bringing the outside indoors. Your inside living space instantly extends when folding the door leaves back fully. With full height glazed doors bringing in maximum light, both summer and winter days, your property can reap the benefits.

The Smoothfold has fully reversible 44mm thick doors, which allow you to hang from either the left or right to your preference. Manufactured from engineered oak, for a truly striking appearance. They are designed to provide a top quality patio, at affordable prices.

Specification

The folding doors come complete with a premium weather seal system, keeping out draughts and water egress. The timber aluminium composite sill is designed for long standing durability.

Installation

A suitable lintel is required for correct installation. The instructions come complete with delivery, with an easy to follow step by step guide. The frame is supplied in a pack for site assembly. The doors are supplied glazed, pre-drilled and packed separately. Full fitting instructions and lintel specification sheet is available to download from JELD-WEN website by following: www.jeld-wen.co.uk
